Faith

At St. Mary's, the ability to walk openly with God every day is what really sets us apart. The students are particularly aware of the uniqueness of this relationship as best quoted by one of our third graders:

"This school is more fun because we can worship God and pray."

Students attend Chapel twice weekly and actively participate in the service. Students actively participate in the chapel experience. Religious education classes begin in the third grade. This base of religious education allows the faculty to layer in advanced training on leadership skills, service learning and character development programs.

St. Mary's students consistently score in the top 10+% nationally in every grade.
